## BIO CLEAN

Last updated: 04/08/2017 4:48 pm

PRODUCT CODE	PACK SIZE	CARTON QTY
BIOCLEAN020	20L	

### PRODUCT BENEFITS

**Bio Clean** is an industrial strength, all purpose, heavy duty product that can be used as both a degreaser and detergent. It is water based, biodegradable and phosphate free, making it environmentally safer to use. It is also a quick-break detergent, allowing oil and water to separate making it easier to remove the oil/grease layer when used with oil/water separators, interceptor pits and oil traps.

**Bio Clean** has a formulation based on orange oil and has a pleasant citrus fragrance. It is yellow in colour for ease of identification.

### APPLICATION

**Bio Clean** is designed for use in a wide range of applications such as degreasing, cleaning workshop floors & surfaces, cleaning washrooms, pressure cleaning and vehicle washing.

**Bio Clean** is suitable for use in all industrial areas including mine sites and workshops or wherever an industrial strength heavy duty cleaner is needed.

**Bio Clean** can be applied as a spray or as a wipe concentrate and will lift and remove grease, grime and dirt from many interior and exterior hard surfaces including aluminium, steel, laminate, vinyl, plastic and painted surfaces on floors and bench tops.

**Bio Clean** can be diluted with hot water to enhance the cleaning action. It is easy and quick to rinse off with water and will not leave any oily residues.

**Please Note:** Do not use this product undiluted on aluminium surfaces.

See Product Information Sheet for dilution ratios and suggested uses

### PRODUCT BENEFITS

- Water based, Non Flammable
- Biodegradable, quick-break formulation
- Effective degreaser and detergent
- Easy and economical to use; easy to rinse off
- Pleasant citrus fragrance
- Wide range of applications; suitable for most surfaces
