BIOCLEAN

Last updated: 31/05/2021 12:46 pm

PRODUCT CODE	PACK SIZE	CARTON QTY
BIOCLEAN020	20L	

PRODUCT BENEFITS

Bioclean is an industrial strength, all purpose, heavy duty product that can be used as both a degreaser and detergent. It is water based, biodegradable and phosphate free, making it environmentally safer to use. It is also a quick-break detergent, allowing oil and water to separate making it easier to remove the oil/grease layer when used with oil/water separators, interceptor pits and oil traps.

Bioclean has a formulation based on orange oil and has a pleasant citrus fragrance. It is Orange in colour for ease of identification.

APPLICATION

Bioclean is designed for use in a wide range of applications such as degreasing, cleaning workshop floors & surfaces, cleaning washrooms, pressure cleaning and vehicle washing.

Bioclean is suitable for use in all industrial areas including mine sites and workshops or wherever an industrial strength heavy duty cleaner is needed.

Bioclean can be applied as a spray or as a wipe concentrate and will lift and remove grease, grime and dirt from many interior and exterior hard surfaces including aluminium, steel, laminate, vinyl, plastic and painted surfaces on floors and bench tops.

Bioclean can be diluted with hot water to enhance the cleaning action. It is easy and quick to rinse off with water and will not leave any oily residues.

Please Note: Do not use this product undiluted on aluminium surfaces.

DIRECTIONS FOR USE

Surface	Recommended Dilution	Method of Application
General Surface - Painted, Tiled Surface - Bench Tops - Kitchens	10:1 to 80:1	Spray, Wipe, Mop, Brush
High Pressure Cleaners Floor Scrubbing Machines	50:1 for Heavy Duty 80:1 for Light Duty	Refer Manufacturers Instructions
