CUTRITE ECO

Last updated: 04/08/2017 4:49 pm

PRODUCT CODE	PACK SIZE	CARTON QTY
CUTECO205	205L	

PRODUCT BENEFITS

Penrite Cutrite Eco is an environmentally friendly, biodegradable, vegetable based, timber saw blade cutting oil. It is fortified with extreme pressure and anti-corrosion additives for superior cutting performance and anti-wear properties. It also has good water displacing abilities, resisting water wash off and the corrosive effects of tree sap.

Penrite Cutrite Eco is harmless to the environment.

ADDITIONAL PRODUCT INFORMATION

- [Click Here to download the Industrial Catalogue](#)

APPLICATION

Penrite Cutrite Eco is designed for use as a saw guide or cutting oil for all the various types of saws, both circular and band, in the timber cutting industry. Because of the harmless effect on the environment, it is safe to use in sensitive logging areas and forests such as State and National parks, golf courses, wilderness areas and wild life habitats including water catchments.

Penrite Cutrite Eco is best used at operating temperatures less than 80C for optimum performance.

PRODUCT BENEFITS

- Outstanding timber cutting performance
- Environmentally friendly
- Anti-corrosion properties
- Resists water wash off
- Contains extreme pressure additives for anti-wear protection
- Suitable for all types of saws
