

INSTANT DASH PROTECTANT

Plastic and Vinyl Cleaner & Treatment

Issued: November 2016

PRODUCT CODE	PACK SIZE	CTN / QTY
CCIDP0003	300ml	6

Description

Instant Dash Protectant is silicone and solvent free cleaner, designed for the cleaning and care of all plastic and vinyl parts within the vehicles interior. It has a Matt, original look and reduces electrostatic charges to repel dust whilst leaving a pleasant fragrance.

Application

Instant Dash Protectant is designed for use in all internal cabins of all automotive, marine, industrial, mining & agricultural machines that have plastic facia, door cards, hard plastic, dashboards and consoles. It can also be used on vinyl coverings to improve the appearance and "wellness" of the vehicle.

Instant Dash Protectant is excellent for cleaning and restoring faded dashboards and consoles, especially those with soft feel texture where it enhances the effect without leaving a greasy, oily film that attracts dust and creates reflection. It helps keep the interior trim free from dust and grime by reducing the electrostatic charge and therefore repelling dust and dirt.

Instant Dash Protectant deep cleans hard plastic and vinyl surfaces enhancing the original texture to leave a new car look. It also contains a light pleasant fragrance that creates a clean and fresh ambience in the vehicle.

How to Use

- Shake bottle before use
- Remove particularly stubborn stain with Penrite Interior Cleaner before using.
- Spray onto a clean sponge or cloth and apply to the surfaces to be treated.
- Polish with a dry clean cloth.
- Do not use on glass, paintwork or textiles. Protect against frost.

Product Benefits

- Cleans and enhances all plastics and vinyl
- Enhances natural texture and grain
- Leaves a matt finish
- Repels dust and dirt
- Does not create dashboard glare or reflection like oily silicone treatments
- Contains no silicone or solvents
- Leaves a clean fresh fragrance
- Easy to apply
