Dear Tony:

We have received your registration request for the four-stroke cycle outboard engine lubricant below and are pleased to inform you that it has passed the NMMA Certification Tests for FC-W®.

The certified lubricant listed below has been assigned the following registration number:

Marine Four Stroke Full Synthetic 10W-40
FC-W® Registration Number: FB-781778Y

For quality control reasons the certified lubricant may not be marketed as NMMA certified unless such lubricant bears the assigned registration number and FC-W® logo. The trademark license agreement for this registration is in effect until December 31, 2021. To continue use of the NMMA certification marks or statements on, or in connection with, the certified lubricant, a new license agreement and payment of the license fee must be made on an annual basis.

Please note that any re-branding or re-blending of the certified lubricant will require a separate trademark license agreement for the use of NMMA's certification marks on or in connection with such lubricant.

If you have any questions, please feel free to contact me.
