CHAIN CLEANER

Last updated: 14/07/2021 12:25 pm

PRODUCT CODE	PACK SIZE	CARTON QTY
MCACC0004	400mL	6

PRODUCT BENEFITS

Chain Cleaner is a super strength, solvent based chain cleaner that rapidly dissolves and cleans chain and sprocket dirt, sand, grime, chain grease, wax, oil silicone as well as other lubricating solids and fluids used on chain drives. Its **Non-Chlorinated, Non Corrosive** and **Non Staining** formulation is fast, effective, convenient and easier to use than conventional solvents.

FACTORY RACING

Penrite Racing products are used by **Factory Race Teams** to provide the ultimate in performance and protection. To visit our Factory Racing Partners and Penrite Brand Ambassadors [Click Here](#)

APPLICATION

Chain Cleaner is suitable for cleaning the drive chains of motor cycles (on and off road), ATVs / Quads, Karts and other mechanical devices that use a lubricated chain drive. It can also be used on push bike chains for fast effective removal of old lubricant. It is especially effective on motorcycle chain lubricants, greases and waxes and rapidly breaks down old lubes for cleaning of the chain prior to new lubricant being applied. It may be used in standard X, O & Z-ring type chains. It is also suitable for cleaning chain sprockets, swing arms and wheel hubs. It will not harm rubbers, plastics and hoses.

Chain Cleaner can also be used as an effective degreaser on oil and grease from surfaces such as engine parts and other surfaces where removal of grease, oil, sludge and grime is required. It is especially suitable for all maintenance and repair work in Motor Cycle, Automotive and Marine workshops on engine parts but can also be used for cleaning of machine parts, tools and all types of equipment.

INSTRUCTIONS FOR USE

- Lift rear wheel from the ground
- Place protective sheets under the cycle chain to be cleaned
- Spray directly onto the chain and sprocket area
- Allow the Chain Cleaner to penetrate, removing excess run off with a cloth
- For heavily soiled areas, scrub with a non-abrasive brush
- When clean and dried, re spray with [Chain Lube Road](#) or [Chain Lube Race](#)

PRODUCT BENEFITS

- Competition proven by factory race teams
- Economical and fast acting
- Easily breaks down grease, dirt and grime
- Non corrosive formulation
- Cleans parts without the need for dismantling
- Free from aromatic or halogenated hydrocarbons
