LIGHTNING MULTI-PURPOSE WASH

Last updated: 30/11/-0001 12:00 am

PRODUCT CODE	PACK SIZE	CARTON QTY
DETCTW020	20L	

PRODUCT BENEFITS

Multi-Purpose Wash is a heavy duty, multi-purpose, biodegradable, detergent cleaner, capable of cleaning the most heavily soiled vehicles. Its unique formulation will not cause damage or streaking to the paintwork. It is safe to use on all modern automotive paintwork finishes and will not harm aluminium, vinyl, rubber, glass or fibreglass. It is pH neutral and free of phosphate and salt, making it environmentally safer to use. It is also a quick-break detergent, allowing oil and water to separate, making it easier to remove the oil/grease layer when used with oil/water separators, interceptor pits and oil traps.

APPLICATION

Multi-Purpose Wash can be used on a wide range of vehicles and equipment used in many varied industries such as mining, logging, interstate haulage and quarrying as well as for general automotive, motorbike, marine, caravan and truck washing, or wherever a heavy-duty vehicle wash would be needed. It's specifically formulated to clean hard to remove or stubborn substances. Can also be used for cleaning concrete driveways, house and other external machinery and items that are impervious to water regression. It is a heavy-duty, fast acting, concentrated formulation and is extremely economical to use if following the recommended mixing ratio.

HOW TO USE

General Cleaning - 30ml per 10L water

Heavy Duty - 50ml per 10L water

Pressure Washer - As per the manufacturers recommended dosage
