FORK OIL 20 EQUIVALENTS

Two options are available where Fork Oil 20 is required.

- HPSO
- Shocker Oil No. 2

APPLICATION

HPSO is suitable for use in high performance applications where extra heat load is expected.

HPSO is made with synthetic base oils and higher viscosity help to reduce wear in severe applications.

HPSO is also recommended for use in motorcycle forks where a SAE Grade 20 oil is specified by the manufacturer.

SHOCKER OIL NO. 2
