|------------------|-----------|------------|
| MCRR0006 | 60mL | 12 |
| CTNMCRR0006_HIDE | 60CTN | |

PRODUCT BENEFITS

MC Rain Repel is a rain repellent spray that provides a crystal polymer coating to reduce the adherence of rain, dirt, sand, soil and road grime. The coating creates a hydrophobic effect, sheeting water off the screen, enhancing the rider's view and reducing the need for cleaning.

APPLICATION

MC Rain Repel is suitable to be used on the outside of all types of motorcycle lenses. It is safe for all types of lenses and coatings and can be used on helmet visors, goggles, sunglasses, and other optical lenses. It is easy to apply, and the small bottles allows **MC Rain Repel** to be packed with you.

MC Matte Detailer is ideal for areas with limited access to water or those that are under water restrictions.

DIRECTIONS FOR USE

1. Use on a clean dry surface
2. Shake well, open the cap, and apply a liberal amount to a microfibre towel, we recommend using [Lightning Quick Rag](#)
3. Wipe onto the area to be treated in a circular motion. Allow the product to dry, once hazy, buff off with a clean microfibre towel.

PRODUCT BENEFITS

- Streak-free formula
 - Crystal polymer coating creates a hydrophobic effect
 - Safe on all plastics and glass
 - Reduces cleaning by making your screen/goggles repel rain, dirt, sand, oil and road grime
 - Ideal for helmet visors, MX goggles, snowboard goggles, glasses & other applications
