SCRUBBER LITE

Last updated: 31/01/2023 4:45 pm

PRODUCT CODE	PACK SIZE	CARTON QTY
397JP	20L	

PRODUCT BENEFITS

Scrubber Lite is an easy to pump version of the popular **Scrubber**. It is a heavy duty petroleum based hand cleaner that quickly removes all types of hard industrial soils. It contains soaps, surfactants, mild solvents and high quality fine pumice plus emollients to help moisturise the skin.

APPLICATION

Scrubber Lite is recommended for use in most commercial and domestic areas where a heavy duty hand cleaner is needed such as automotive workshops and service centres, marine, industrial, agriculture, mining and forestry industries.

It has a citrus lemon fragrance to leave the hands smelling clean and fresh and lanolin to soften and protect the skin.

HOW TO USE

1. Apply a liberal amount of product to hands
2. Rub into hands and between the fingers and nails for 30-60 seconds
3. Rinse clean with clean running water
4. After rinsing apply **Revive Skin Conditioner** for re-hydration and conditioning of the hands

PLEASE NOTE: SCRUBBER LITE has a similar formulation as **SCRUBBER**, it is optimised to work with a pump, we recommend using pump **702P**
