PRODUCT BENEFITS

PRODUCT DESCRIPTION

The **Foamer** is a hand-pressurised foamer with big foaming capabilities. Designed specifically to work with Penrite & [Lightning](#) products, The **Foamer** is suitable for a wide range of wash/cleaning liquids.

APPLICATION

The **Foamer** is suitable to be used in various applications including on cars, trucks, motorcycles, glass, driveways, bicycles, boats, Jet skis/PWCs and more. Portable and easily maneuverable to cover any item with foam in no time.

DIRECTIONS FOR USE:

1. Unscrew The Foamer head and remove it from the bottle, check liquid siphon is attached firmly. Pour diluted soap solution (as per mixing instructions) into the bottle. Ensure the solution does not exceed the "MAX" mark on the bottle.
2. Attach The Foamer head back onto the bottle and tighten.
3. Hold The Foamer and pump the hand pump until it reaches maximum pressure.
4. Point The Foamer nozzle at the vehicle/item to be cleaned. Press the switch on the handle to spray. Push the lock button forward to have consistent spraying.
5. Keep re-pressurising The Foamer to maintain the foam and spray consistency.
6. Press the red safety relief valve to release the pressure upon completion or before unscrewing The Foamer head and disposing of the remaining solution.

Product name:	Mixing Ratio (Product:Water)
